German Law Firm.

ABA IP WEST 2018

**BEITEN
BURKHARDT**

BEITEN BURKHARDT is a leading independent German law firm with international offices and a strong international business. As a full-service business law firm with a strong focus on IP we provide comprehensive legal advice to large international groups and upper mid-market businesses across a wide range of industries as well as to the public sector.

PATENTS, TECHNOLOGY & TRADE SECRETS

BEITEN BURKHARDT has a strong patent practice with a focus on patent and trade secret litigation. Our attorneys regularly represent major domestic and international clients before courts throughout Germany and coordinate cross-border litigation. We have particular expertise in interim proceedings, also when it comes to preserving evidence such as product and source code seizure for subsequent patent and software copyright infringement litigation. Besides, our patent team has considerable experience with IP- and technology-driven M&A transactions, and we also advise on technology transfer, invention management and patent strategy.

PRIVACY, CYBERSECURITY & TMT

BEITEN BURKHARDT's privacy and cyber security team helps companies manage data and mitigate risks at every step of the information life cycle. We provide advice to international groups and upper mid-market businesses. We understand information-use business models and how information flows generate revenue for our clients. We have extensive sector experience in TMT, video game publishers, credit agencies, finance, telecommunications, healthcare as well as in the areas of consumer protection laws, international law, intellectual property and litigation. Our attorneys provide strategic advice on all legal aspects of data driven business including data ownership, data protection compliance, cross-border data flows and data breaches. Many of our clients belong to the top tier companies. We have been sought out to advise on headline-grabbing matters in recent years.
