Distressed M&A

11th of Nov 21 (Thursday) 9-10:30 am CEST | EN & CH | [Online-Registration](#)

Ladies and Gentlemen,

The latest 17th amendment to the German Foreign Trade and Payments Ordinance (AWV), which entered into force on May 1, 2021, has brought some new changes for Chinese companies intending to make acquisitions in Germany and Europe. At the same time, some German companies have been affected by the epidemic to seek financial support with foreign companies. What are the characteristics that Chinese companies should pay attention to when acquiring companies in crisis compared to the classic M&A?

Employees of Chinese companies are cordially invited to participate in our event.

This seminar will cover the following issues of concern to businesses:

1. About ADVANT
2. Foreign Investment Control
